

SYNTEGON

EXPERIENCE

THE

GUMMY

PRO  
DUCTION  
OF THE

FUTURE.

Makat InHouse Event | Invitation

08./09. July 2025 | Dierdorf, Germany

Together we'll be shaping the future of gummy making.

**CO-CREATE. CO-SUCCEED.**

# The gummy production future is happening now.

**08./09. July 2025 | Dierdorf, Germany**

## Why should you join?

- ❑ Learn more about smart gummy production – from process to packaging for your future-ready gummy factory.
- ❑ Look forward to insightful presentations and live demonstrations – experience Makat's NutraFlash and Mogul lines, as well as different packaging solutions in operation.
- ❑ Engage in person with various industry experts and gain valuable insights to their expertise.
- ❑ Be surprised by an extraordinary networking dinner.

**Some of the attending industry experts:**

**DeltaVision BV**  
Industrial Vision Systems

 **CREMER**  
UHLMANN GROUP

 **Spee-Dee®**  
Packaging Machinery Inc.

**ZDS**   
Die Süßwaren Akademie  
The Academy of Sweets

**SYNTEGON**

## Makat InHouse Event

**Good products aren't enough to win the gummy market.**

# What if the production of the future was built around your needs?

- ❑ How to choose the right technology for future consumer needs?
- ❑ How to keep machines running and integrate smart technologies?
- ❑ How to stay flexible in changing consumer trends and needs?
- ❑ What to consider when entering the supplement-gummy world?
- ❑ Starchless or Mogul:  
When is each the better choice?

**Let's discuss the future of gummy production!**

- ❑ Show runs on starchless and starchbased processing technology
- ❑ Live demonstrations on high-performance packaging equipment
- ❑ Exciting keynotes and expert presentations
- ❑ Networking with gummy industry leaders
- ❑ Extraordinary networking dinner
- ❑ Discussions, factory tours, workshops and other interactive formats

COME. SEE. EXPERIENCE.

**This July we'll  
be shaping the  
future of gummy  
making.**

### **Learn about:**

- ❑ Philosophy and design  
"Production of the Future"
- ❑ Smart factory configurations:
  - Equipment automatizations
  - Flexible product changeovers
  - Big data and AI integration
  - Production efficiency
- ❑ Service of the future
- ❑ Production success story
